12800 State Hwy 13, STE 400
Savage, MN 55378

838 Multi-Purpose Sealant – Full System and Repair Benefits

- Can be installed over moisture. Will NOT blister
- 120 LF per gallon @ 50 wet mils
- Quicker cure time. 1 to 2 hrs. for coating application
- Better hang. Less product running and waste on hot roofs
- 100 % solids. No shrinkage
- Repairs do not need to be coated
- Can be coated the same day, faster labor, with less set up (Do a job in a day vs 2 or 3)
- Can be installed in water for a immediate leak repair (temporary)
- No VOC's (can be used next to vents with no issue)
- 100% solid so it can be used as pitch pan filler/sealer
- Will not become cellular if put on to thick (will not hold water)
- Resealable pouches without any loss material between uses
- Adheres to all major roofing substrates
