WHO WE ARE

838 Coatings™ is a company focused on lowering the life cycle cost of existing roofs. This is accomplished through maintenance, repair and restoration of nearly all ages and types of existing roofs. These roofing substrates include metal, EPDM, PVC, TPO, asphalt and polyurethane foam. We support and work with certified roofing contractors across the country.

838 MS as Universal Sealant:

- 100% Solids – means no shrinkage
- No VOCs and no free isocyanate
- Excellent Elongation + Tensile Strength = TOUGH
- Excellent adhesion to Asphalt, Metal, EPDM, PVC, Aged TPO, Concrete and Brick

Available in: 5's, 2's and Resealable Pouches

838 MS as Metal Seam Sealer:

- 100% Solids – 50 wet mils becomes 50 dry mils = less product required
- Seals Seams, Fasteners and Penetrations
- No Fabric Needed
- No free isocyanate means NO BLISTERS along the seams and around fastener heads

838 MS for Flashing Units:

- **838 MS**- Conforms and configures to what ever shape it is applied
- Hangs vertical with virtually no slumping at 50 mils
- Adheres to all major roofing substrates
