

# COMPANY OVERVIEW

**COATINGS**

**838 Coatings™ is a manufacturer of coatings, tapes and sealants designed to extend the life cycle of existing roofs.**

Our products are sustainable: featuring highly reflective white coatings, sealants that are solvent and isocyanate free and modern chemical technologies that exhibit superior physical properties and durability. All of our products can be used alone or in combination to maintain, repair or restore nearly every roofing substrate with the focus on lowering the life cycle cost of the roof.

**ROOF COATING SPECIALISTS**

# OUR PRODUCTS

## 838 Top

838 Top white, grey or sky (photo bleaching tint) is a High Tensile Acrylic Elastomeric Roof Coating. Exceeds Energy Star requirements. Designed to restore and protect a variety of roof substrates i.e. Asphalt, Single Ply, Metal and Spray Polyurethane Foam. Environmentally friendly, High Reflectivity, Energy Saving.

## 838 MS

Multi-Purpose Sealant is a Hybrid Moisture Cure Elastomer Sealant. Tenacious adhesion to most substrates, 100% solids, Perfect for universal roof repair, will not blister, adheres to all major roofing materials. Perfect for metal roof seams, fasteners and overall fabric less repair. Pouches, 2 gallon and 5 gallon pails available.

## 838 MP Prime

MP Prime is an Acrylic Primer, Rust inhibitor designed for bare metal and asphalt surfaces prior to receiving an 838 Restorative Coating. Excellent stain blocking as well as rust inhibiting characteristics make MP Prime an effective and labor saving product.

## 838 FG

Acrylic Flashing Grade Sealant, UV Stable, High Solids, designed to repair/seal roof penetrations and flashings prior to coating or as a repair only. Also available in 2 gallon pail.

## 838 Supreme

Supreme is an Extremely Tough Kraton Based Roof Coating. Highly water resistant, 0% water absorption per ASTM D-471. Supreme is a very aggressive Solvent Based Coating that adheres to multiple substrates.

## 838 F1

Fast 1 is a Single Step applied Solvent Free Roof Coating. F1 is designed for Single Step application from 1-3 gallons per square, saving considerably on labor. 0% water absorption means highly durable in ponding areas. Low VOC and cure times between 1-4 hrs.

## 838 Si-High

838 Si-High, Solvent-Free Silicone Roof Coating is a one-component, moisture curing silicone rubber roof coating system. 838 Si-High silicone roof coating is a high performing protective coating for a variety of roofing surfaces. 838 Si-High silicone roof coating forms a breathable and weatherproof roofing membrane that is highly UV resistant to weathering. Available in 5 gallon pails and 55 gallon Drums

## 838 Alumi-Thane

838 Alumi-Thane, is a one-component, moisture curing polyurethane roof coating system. 838 Alumi-Thane roof coating is a high performing protective coating for a variety of roofing surfaces. 838 Alumi-Thane forms a weatherproof roofing membrane that is UV resistant and highly reflective. Available in 5 gallon pails and 55 Gallon drums.

## 838 Supreme FG/PG

838 Supreme FG/PG is a flashing grade sealant. Designed to seal and flash all major commercial roofing materials. 838 Supreme FG/PG is a high solid based material that works as a multi-purpose Sealant with many roofing uses. Recommend usage with 838 Supreme Elastomeric Roof Coating. Available in 3 gallon pails.
